PIKASAN PLASTİK KAUÇUK SANAYİ A.Ş.

HAKKIMIZDA

PİKASAN Plastik Kauçuk Sanayi A.Ş., Avrupa Serbest Bölgesi'nde (Ergene/Tekirdağ) bulunan ve 10.000 m²'lik kapalı alana sahip kurumsal bir firmadır. Bünyesinde üç mikserli karışım dairesini, modern laboratuvarını, kontinü proses hatlarını, kalıphanesini ve deneyimli yönetim kadrosunu barındırır. PİKASAN, kapı, pencere ve alüminyum cephe sızdırmazlık fitilleri, endüstriyel sistem fitilleri, alt yapı sistem fitilleri ve özel talepler doğrultusunda çeşitli kauçuk elastomer profiller üretebilmektedir. PİKASAN, ağırlıklı olarak EPDM olmak üzere, ihtiyaca göre NR, NBR ve SBR kauçuk türleriyle de imalat yapmaktadır. Ürünlerimizde ölçü standardı olarak DIN 7715 Teil3 E2 esas alınırken, hamur standardı olarak da DIN 7863 kullanılmaktadır.

ABOUT US

PIKASAN Plastic Rubber Industry Corp. is a corporate company located in the European Free Zone (Ergene/Tekirdağ) with a closed area of 10,000 m². It includes a mixing unit with three intermesh mixers, a modern laboratory, continuous process lines, a molding room and an experienced management team. PİKASAN can produce door, window and aluminum facade sealing gaskets, industrial system gaskets, infrastructure system gaskets and various rubber elastomer profiles in line with special demands. PİKASAN uses mainly EPDM, but also NR, NBR and SBR rubber types depending on the need. While DIN 7715 Teil3 E2 is used as the measurement standard for our products, DIN 7863 is used as the compound standard.
